Description

Matte paper Premium Matt 180 is basic paper with matte coating for posters and drafts of fine art prints, weight 180 g/m². Premium Matt 180 is economical, completely matte photo paper for printing graphical and design creations on inkjet printers. It is popular for printing topographical and other maps. It is suitable for reproductions of high resolution images and saturation of colors. It is easy to roll, which is convenient for transport. It is suitable for printing with pigment inks and dye inks, which means it is compatible with all plotters and desktop printers on the market that use ink on a water base. Who wants a matte paper with "deep" colors chooses Premium Matt 230
